## ARTISTIC DESIGN RULES

1. The Schedule is known as “The Law of the Show.”
2. Except in Inter Club arrangements, which are entered in the name of the club, one person must execute each entry.
3. An exhibitor may enter as many classes as desired, but is restricted to one entry per class.
4. Designs will be judged according to the GCV Flower Shows Handbook found at under Flower Shows.
5. Flowers of the theme show must predominate in all designs, i.e. daffodil, lily, or rose, unless otherwise specified by the schedule.
6. Plants on the Endangered Species list may be used only if grown in exhibitor’s garden and should be noted on the plant material card.
7. The use of commercially grown flowers is discouraged. Seasonal flowers are preferred.
8. Designs must include some fresh plant material. All exhibitors must ensure the freshness of their arrangements for the duration of the show.
9. Artificial flowers, foliage, and fruit are not permitted.
10. Treating fresh plant material by application of substances such as paints, dyes, etc. is not permitted. Plants may be clipped, stripped, bent, or otherwise manipulated.
11. Living creatures are not permitted.
12. The following are permitted, unless prohibited by the schedule:
  - a. Accessories
  - b. Bases
  - c. Contrived flowers and/or forms made of fresh or dried plant material
  - d. Cut fruit or vegetables sealed in some manner to discourage insects
  - e. Objects that add interest when tastefully used, e.g., nests, feathers, coral, sponges, sea fans, starfish, antlers, etc.
  - f. Container-grown plants growing in soil as part of Pot-et-Fleur or other appropriate classes
  - g. Dried and/or treated plant material
  - h. Drapery
  - i. Cards of intent (3 x 5 inches)

13. No part of an arrangement placed on a pedestal may extend horizontally more than 6" on left or right of the pedestal, regardless of the position it is placed in on the pedestal.
14. There are several types of backdrops used in the flower shows. None of them may be used on a pedestal. No flower material may touch the sides, back or roof if present.
  - a. A backboard is a two dimensional surface against which an arrangement is to be seen. Unless specified otherwise by the schedule, it is to be considered a neutral backdrop like a wall, and the arrangement will not be judged in proportion to the size of the backdrop. However, if an arranger modifies the backboard with drapery, overlays, or underlays, the arrangement **is** judged in proportion to the size of the backdrop.
  - b. A trifold is similar to a backboard, and the above descriptions apply, but wings are attached to both sides. These may be opened at an angle or placed at right angles to the back. The schedule states the permitted dimensions of the arrangements, which may include a height restriction.
  - c. A niche is constructed with a back, roof and fixed sides. The dimensions of the structure are provided in the schedule.

#### ARTISTIC PROCEDURES

1. All artistic entries must be pre-registered prior to June 4, 2015 with the show Registration Chairman.
2. Check in at Registration desk upon arrival at the show..
3. GCV exhibitor entry cards will be filled out completely, both top and bottom portions, by the Registration Chairman. They will be given out to the registrant when they come to the desk.
4. The exhibitor must check the name and address on both portions. Make sure that there is a mark on the entry card if you are a GCV member and/or if you are a novice. (A novice is one who has not won a Blue ribbon in a GCV Flower Show.)
5. Make arrangements for Container Return upon arrival. All containers and accessories must be plainly marked with exhibitor's name and address. Instructions for shipping should be made and a fee paid if the container is not to be claimed at the end of the show. The use of containers with a value greater than \$200 is discouraged.

6. Check Show Schedule regarding whether or not arranging is permitted on the showroom floor.

9. The Passer will check exhibitor entry card for accuracy and completion.
10. The Passer will determine that the arrangement complies with the schedule and that the above-mentioned cards are in place before passing.
- 11. The exhibitor will remain in the exhibit area until the exhibit is passed.**
12. Except for watering and/or necessary maintenance, the exhibitor may not touch the exhibit after it is passed.

## ARTISTIC SCHEDULE LILY SHOW 2015

### ***“Lions and tigers and bears, oh my”***

Oh, my! Lions and tigers and bears have been part of our cultural imaginations for centuries, inspiring art, literature, music and dance. Their images represent strength and power, stillness and agility, ruthlessness and loyalty, clumsiness and humor. They frighten us; they make us laugh. Now, let them inspire us.

#### INTER CLUB CLASS

##### **Garden Club of Virginia Goes to the Circus**

Since the last decades of the 1800's, traveling circuses have brought exotic animals, death defying acrobatics, and hilarious clowns to America's big cities and small towns. We invite you to experience again the color and excitement of your last visit to a circus. This class is open only to Garden Club of Virginia member clubs and exhibited in the name of the club. Only entries for Class 71-B will be permitted to arrange on the show room floor

##### Class 71A—Black and White: Creative Mass

Celebrate the stark beauty of the Bengal Tiger and the Panda Bear with an arrangement to be exhibited on a gray pedestal, 12” square, and 42” tall, to be displayed in an open area of the room.

##### Class 71B— With the Greatest of Ease: Hanging

Express the agility and grace of trapeze artists, acrobats and tight rope walkers. Arrangements are to be suspended from a wrought iron shepherd's hook against a neutral background. The show will provide the shepherds hook; the exhibitors will provide the means for suspending arrangements. The hook's reach (measurement from staff to loop) is 13”, and height (from floor to loop) is 80”. Arrangements shall not weigh more than 20 pounds, and must fit within a 30” wide space.

##### Class 71C—Caged: Construction

Cages have always been part of the circus: they transport, they protect, they confine. Design an arrangement to be displayed on a table 30” tall covered in a black cloth and within a black trifold 36” tall, 24” wide and 28” from the edge of the table.

##### Class 71D—The Greatest Show on Earth: Late Victorian Mass

Depict the colors and excitement found under The Big Top with an arrangement to be exhibited on a gray pedestal, 12” square, and 42” tall, to be displayed in an open area of the room.

## INDIVIDUAL SCHEDULE

Classes 72-75 Open to any exhibitor. Limited to 5 entries in each class

### Class 72—LIONS: Traditional Mass

In MGM's golden age, King Leo roared at the opening of each movie. Recreate the elegant arrangements that would have been in a starlet's dressing room during the 1930's and 1940's. Arrangements will be displayed on a gray pedestal, 12" square and 42" tall, against a neutral background.

### Class 73—TIGERS: Nageire

Sparse, sinewy, restrained: express the tiger's innate power, whether stalking and still, or leaping at adversary or prey. Arrangement will be exhibited on a table 30" tall and covered with a white cloth and within a white trifold 36" tall, 24" wide and 28" from the edge of the table.

### Class 74—BEARS: Functional Table Design
