2024 Garden Club of Virginia Lily Show

The Garden Club of Virginia is honored to host the 2024 Lily show at the St. Stephen's Episcopal Church in Richmond, Virginia. We are grateful to St. Stephen's Episcopal Church for their generosity in allowing us to showcase the beauty and joy of growing lilies.

We are very grateful to Mr. and Mrs. Charles G. McDaniel, and to the Hilldrup Moving Company, for transporting all of the show's properties to St. Stephen's. Their generous contribution to the Garden Club of Virginia Lily Show not only helps make this show possible, but also helps the work of restoration, conservation, and education in the Commonwealth carried out by member clubs of the Garden Club of Virginia.

We wish to thank members of the Garden Club of Virginia and the North American Lily Society for their support and assistance with the show.

Lily Workshop - Monday June 17, 11a.m.-noon

"For the Love of Lilies"

Our featured speaker is Mary Zocchi, a past president of the North American Lily Society and lily judge. Mary is a member of Dolley Madison Garden Club, and Alamo Heights -Terrell Hills Garden Club in San Antonio, Texas, where she lives now.

Being a lily expert, as her mother was also, has guided her quest to grow lilies in hot Texas weather. Topics will include Mary's personal fertilizer mix, planting lilies in pots, and bloom timing for shows and more.

The workshop is free and open to the public.

Artistic Design Rules & Procedures

1. The Schedule is known as “The Law of the Show.”
1. Inter Club Division classes allow a team of arrangers from a GCV Club to create the exhibit together.
2. Individual/Partner Division classes allow one person working singly or two persons working in partnership to create and exhibit the design. An individual or partner team may enter as many classes as desired in the Division but only one entry per class.
3. Workrooms will be open on Monday June 17, 12 noon – 5 p.m. and Tuesday June 18, 7-9:30 a.m., at St. Stephen’s Episcopal Church, 6000 Grove Ave. Richmond, Va. Passing will be on Monday June 17, noon-5 p.m. and Tuesday June 18, 7:30-9:30 a.m.
4. Please mark all containers and accessories with exhibitor number, name, and contact information. Arrangements must be picked up by exhibitors at the end of the show.
5. Passing Judges must pass each exhibit before the exhibitor(s) leave the show floor. Passing Judges look to ensure that the exhibit meets the Schedule requirements including dimensions, floral materials list, Novice and/or Mentor status, Statement of Intent, if included, exhibitors’ identification (name, GCV Club, or other club if allowed), and compliance with design style. Passing Judges will not disqualify an exhibit without consultation with, and agreement with, the Artistic Design Chairman. If disqualification is a possibility, every effort will be made by the Passing Coordinators to allow the exhibitor(s) to remedy before the opening of the show.
6. Although arrangements may be viewed from all sides, arrangements will be judged from a distance of 3 feet from the front.
7. Designs will be judged according to the GCV Principles of Design: balance, dominance, contrast, rhythm, proportion, and scale and the Elements of Design: light, space, line, form, size, pattern, texture and color. Creativity, distinction, conformance to and interpretation of the class and Schedule are important.
8. Each exhibitor card, provided at check in, includes a space for listing floral materials used. Garden grown should be identified with a “G” and florist found identified with an “F.” A Pot-et-Fleur must include "R" for rooted material or "C" for cut material. Plants on the Virginia

- Endangered Species list grown in an exhibitor's garden must also be noted.
9. Plants on the Endangered Species list protected by Virginia law (law.lis.virginia.gov) may be used only if grown in the exhibitor's garden and this should be noted with the exhibitor's floral materials.
 10. Invasive plants (*species intentionally or accidentally introduced by human activity into a region in which they did not evolve and cause harm to natural resources, economic activity or humans*) may be included at this time, but the Garden Club of Virginia asks that members refrain from planting additional plants of invasive species in their gardens. The Virginia Department of Conservation and Recreation at dcr.virginia.gov (search Invasive species) lists plants divided into high, medium, and low invasive status in the Commonwealth.
 11. Seasonal, garden floral materials are preferred, and commercially grown flowers should be used with discretion.
 12. Lilies of the genus *Lilium* should predominate.
 13. Designs must include some fresh plant material.
 14. Treating fresh plant material by application of substances such as paints, dyes, etc. is not permitted. Plants may be stripped, clipped, bent, or otherwise manipulated.
 15. The following are permitted unless prohibited in the show Schedule:
 - Accessories
 - Bases
 - Contrived flowers and/or forms made of fresh or dried plant material
 - Cut fruit or vegetables
 - Objects that add interest when tastefully used, e.g., nests, feathers, coral, sponges, sea fans, starfish, antlers, etc.
 - Container-grown plants in soil as part of Pot-et-Fleur or other appropriate classes
 - Dried and/or treated plant material
 - Cards of Intent (3x5 inches)
 17. The following are not permitted unless specified in the show Schedule:
 - Artificial flowers, foliage, and fruit
 - Living creatures
 18. Botanical Arts exhibits include, if specified in the Schedule, dried and/or treated plant material and contrived flowers and/or forms made of dried plant material.
 16. Several types of backdrops are used in the flower shows. No flower

- material may touch the sides, back, or roof if present. Arrangements will be judged in proportion to the size of the backdrops, if present.
17. A description of floral design styles included in the Schedule may be found at [www.gcvirginia.org/Our Work/Horticulture and Artistic Design/Artistic Design/Traditional Floral Styles and Designs/Contemporary Floral Styles and Designs](http://www.gcvirginia.org/OurWork/Horticulture%20and%20Artistic%20Design/Artistic%20Design/Traditional%20Floral%20Styles%20and%20Designs/Contemporary%20Floral%20Styles%20and%20Designs).
 18. GCV Judges and Student Judges are encouraged to enter the flower show. Judges and Student Judges will not judge a class in which they have entered or in which members of their GCV clubs have entered.
 19. Wherever possible, please use alternatives to non-biodegradable floral foam, and absolutely refrain when the Schedule dictates that an alternative to floral foam be employed.
 20. The use of boxwood is not permitted in the show.
 21. It is the exhibitor's responsibility to remove their arrangements between 5:00 p.m. and 6:00 p.m. Tuesday June 18, 2024

Artistic Procedures

1. ***All Artistic exhibits must be pre-registered online with the Artistic Design Registrar. Registration is an obligation to be fulfilled and if unable to complete the exhibit, the registrant is responsible for finding a substitute arranger and notifying the Registrar. Registration is on a first come, first served basis. Classes are closed when spaces are filled. Registration opens April 1, and closes on June 10, or when all classes are filled.***
2. Check in at Registration upon arrival when you will be given an exhibitor card which will accompany your arrangement. A completed exhibitor card must accompany your arrangement. Please check it for accuracy including contact information, garden club, floral materials list, and in the Individual/Partner Division, please add Novice and/or Novice/Mentor status. *A novice is one who has not won a blue ribbon or a GCV novice award in a GCV Flower Show. A mentor is one who has won a blue ribbon or a GCV novice award in a GCV Flower Show.* Mentor-novice partners should check the appropriate box on the exhibit card.
3. In both Inter Club and Individual/Partner Divisions, a Statement of Intent of 25 words or fewer listed on a 3" x 5" card conveying the exhibitor's vision and message to the viewer accompanies each exhibit if included in the Schedule.

4. The workroom is not adjacent to the show floor. Exhibitors may arrange in the workroom but not on the show floor unless allowed by the Schedule.
5. All designs are to be exhibited on a 12-inch gray square topped pedestal which is 42 inches high, or in an exhibit space specified in the show Schedule. Unless otherwise proscribed, arrangements will be viewed from three sides against a neutral background. Pedestal designs may not extend beyond 6 inches on any side of the pedestal. There is no height limitation unless listed in the Schedule.
6. Please be sure that your container does not leak and please exercise care when watering in the exhibit space.
7. Notify a Passing Judge when the exhibit is placed and ready to be passed. Passing Judges confirm that the exhibit meets the style specified in the Schedule, published space requirements, Exhibitor's information (including Novice and Mentor eligibility), and Floral Materials List / Key Card in Botanical Arts. An exhibitor whose exhibit does not meet the Schedule will be given an opportunity, if time allows, to correct. An exhibit may only be disqualified by consultation with the GCV Artistic Design Committee Chairman and the GCV Judging Coordinator(s). Arranger(s) remain in the exhibit area until the exhibit is passed, and once passed, leave the show floor promptly. Except for watering and necessary maintenance, the exhibit must remain untouched following passing.
8. Please transfer any floral materials you do not wish to use to buckets marked for recycling to community care facility residents.
9. The Artistic Design Committee may add or delete classes or adjust the number of entries within a division, class, or classes.

Distinction 10

Vigor: refers to the length and strength of the stem, the number and size of the flowers and the size and attractiveness of the foliage. In cutting lilies, leave about one-third of the foliage with the bulb.

Condition: includes the stage of maturity. Generally, it is considered that a spike of lilies is in the best condition when the lower flowers are open but not faded and the upper ones still in bud. The larger the number of open flowers, the better, provided the old ones have not begun to fade. The flowers should not be bleached in the sun, wilted or otherwise in poor condition. The plants should also be free from disease and injury of all kinds. The anthers should be present although it is recognized that if open flowers are to be shipped the anthers may be removed rather than have the petals stained with colored pollen.

Placement of flowers: refers to their arrangement on the stem. In general, separation on the stem vertically in a spiral arrangement rather than crowded at the same level or in whorls is an advantage. Flowers should also be spaced in such a way that the individual blooms do not interfere with each other. In the case of hybrids competing against hybrids, the separation of the flowers, and the attractiveness of their appearance as related to the angle on the pedestal, may be considered.

Substance of flowers: refers to the thickness or apparent thickness of the petals. Firm texture that withstands exposure is desirable. In placing the entries in collections, the quality of flowers, the number of species shown, (except where the number is limited), and the horticultural difficulty of raising the kinds of lilies, will be considered.

Form of the flower: judged on the basis of conformity with that typical of the species or variety, or with attractiveness of form in comparing different species or varieties.

Color of flowers: should be clear and attractive rather than muddy. This is particularly important in hybrids that have no recognized typical color.

PHOTOGRAPHY DIVISION

Photography Guidelines

Who can enter: The Photography Division is open to all members of the Garden Club of Virginia.

How to register: Advanced Registration is required. Registration for each photography class will open April 1, and will be accepted until May 26 or when classes are full. Up to 12 images will be accepted per class, but only 6 will be selected for printing after preliminary jurying, if necessary.

Members may only submit one photograph but may indicate their interest in submitting a second image if space becomes available. Registrants will receive a confirmation of registration email.

Successful Entrants need to send digital images for passing: Digital images must be emailed to Georgiana Watt, between May 1 and May 26.

Follow these steps to send in digital images: (a) rename your photo file as follows: Class #_Your Last Name_First Initial.Jpg (e.g. Class 1_Smith_P.); (b) make sure your image is between 2 and 7 MB in size and attach the image as “actual size” to your email. Check again before sending to ensure the image size has not been reduced to below the minimum of 2 MB; (c) make the subject line of your email Lily Show-Class (add class number), Name ; (d) email your image to Georgiana Watt at georgianawatt@hotmail.com. Please note that digital images below 2 MB will not be accepted because they do not print well at lower resolutions! Also, all digital images must be received by May 26th at the proper resolution to be considered.

The digital images will be passed and evaluated to verify that class specifications have been met. If a photograph is not passed, the exhibitor will be notified and allowed, if time permits, to send a replacement digital image. The Photography Division Chairmen may reclassify an entry, but only with the permission of the exhibitor. Please be advised that once an image has been submitted digitally, no further changes, however minor, are allowed prior to print. Please review your image before sending to ensure that it can be printed with the same dimensions as the digital one that was passed. For technical questions, please contact Susan Lendermon at lavendertealady@gmail.com. Unfortunately, it is very

hard to increase the resolution of smaller images, so please photograph at the highest resolution possible and avoid heavy cropping.

Passed entries must be printed, mounted, and mailed: All of the 6 selected passed entries for each class must be printed and mounted for display at the show. Finalists will be notified as quickly as possible by May 30. *Do not print or mount your image until you have been notified your image has been accepted.*

Printed images must match the digital image that was emailed! Images should be printed to a size no smaller than 36” in perimeter and no larger than 50” in perimeter and mounted on Black Foam Core (with black edges) cut to the exact size of the image. Tip: The larger the printed image, the better for “display and judging purposes.” Your printed and mounted photographs, along with 2 completed entry forms, must be mailed ahead of time to be received no later than June 11.

Send printed and mounted images to: Gina Denniston at 325 Clovelly Rd.
Richmond Va. 23221

Two printed ENTRY FORMS should be included with each photograph submitted. These forms will be emailed in the confirmation of registration email. For each photo being mailed to Gina Dennison, attach one form to the back of the mounted photo and include the second form loose in the mailing packet. A title and statement of intent (25 words or less) must be included on each entry form(s).

If forced to withdraw: If forced to withdraw, an exhibitor must notify division chairman, Susan Lendermon, by phone or by email (lavendertealady@gmail.com). Unless there is a waiting list, the withdrawing entrant is responsible for finding a substitute.

Each photograph must be the work of the exhibitor under whose name it is registered. All editing must be the work of the exhibitor. This includes enhancement for color or clarity, removal of a part of the image, combining images, or distorting the original subject.

Mailing and return requirements: To avoid having photographs bent or damaged when mailing, it is recommended to use two 15" x 19" bubble wrap envelopes, or a reusable mailing box. Wrap the mounted image between two suitable pieces of foam core or non-bendable cardboard, which will be reused for return. Place the wrapped image inside the reusable mailing box, or inside the mailing envelope along with a folded, self-addressed return envelope.

If images are to be returned to the owner, an appropriate self-addressed padded envelope (ideally 15” X 19”) with postage applied or a check to Garden Club of Virginia for \$14 must be included. Padded envelopes need to be large enough to accommodate protective packaging. Boxes are permitted and can be reused provided a pre-purchased stamp to cover the cost to mail the box back to the owner has been included, or a check must be included.

Photographs may also be picked up at the close of the show. Please indicate who, if not the exhibitor, will be responsible for retrieving the photograph.

Entries MAY NOT be removed on June 18th before the show closes at 4:30 pm.

Awards: Awards will be given for first, second and third place in each class. Honorable mention will be at the discretion of the judges. In addition, “special awards” will be given for Best in Show and the Novice Award for best image by a novice.
