HORTICULTURE DIVISION

RULES FOR HORTICULTURE EXHIBITORS

1. All classes are open to all daffodil growers except where specified.
2. Exhibitors are asked to register upon arrival at the show. All entry tags and labels will be provided. Both the top and bottom of the entry card must be fully filled in. **Registration closes at 9:30 am.**
3. Entries may be made from 2:00 pm - 8:00 pm, Monday, March 30 and from 7:00 am – 10:00 am on Tuesday, March 31, 2015. All entries must remain in place until Wednesday, April 1 at 1:00 pm.
4. Judging will begin at 10:15 am on Tuesday, March 31 at which time the show area will be cleared of all persons except show officials, judges and clerks until the show opens to the public.
5. Horticulture judges may not enter any class that they have been assigned to judge.
6. Information on an entry tag, including the exhibitor's number, which could compromise anonymity must be concealed. Name labels or rubber stamp are encouraged.
7. The exhibitor must have grown all standard blooms in the open. Miniatures may have been grown in protected areas.
8. Exhibitors may make up to three entries in each class for single stems or three of one variety provided that each is a different cultivar or species. Exhibitors may make only one entry in collection classes, including all classes in Section A.
9. All cut daffodil specimens will be shown without daffodil foliage. Boxwood will be provided for staging blooms. **All collections of five or more stems must be exhibited in separate containers.** Containers will be provided for all horticultural entries and will be clearly marked in the staging area.
10. The Garden Club of Virginia Club Collections must be entered in the name of the member club.
11. Each stem in an exhibit receiving an ADS Award must score 90 or more by the ADS scale of points.
12. Only one first, one second, and one third award will be given in each class. Honorable mention awards may also be given, but only if all higher awards are given. If a blue ribbon has been awarded in a class eligible for an ADS ribbon, the ADS award may not be withheld.

13. First, second, third and honorable mention awards may be withheld by judges if, in their opinion, the exhibit is not worthy.
14. Exhibitors are responsible for proper name or number. Divisions and color codes are required in all classes except Section B, Classes 17 through 19, 21, and Section I, 198-201 and as specified where required. The Royal Horticulture Society System of classification will be used. The authorities are *Daffodils to Show and Grow* (latest printing), and www.daffseek.org, which will be available for reference. Entries that are incorrectly named will not be judged.
15. The originator's name MUST appear on the label for each stem in the American-bred classes, except for seedlings shown by the originator.
16. No label may be changed except by the Show Chairman or Classification Chairman in the case of placement error. No bloom may be altered, added, substituted or removed after the judging has begun or after an award has been placed.

Miniatures

17. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar or species on the current ADS Approved List of Miniatures. Also, any named or numbered daffodil which appears graceful, with all its parts proportionately small, may be exhibited in miniature classes and is eligible for all ADS awards, except only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. The judges may decline to judge any exhibit containing an unapproved miniature that they consider too large for these classes.

Seedlings

18. Blooms of seedlings may be exhibited in all classes for named cultivars, provided they are identified by a number and classification assigned by the originator. If an exhibitor is not the originator, the originator's name must be included on each label. The originator of a daffodil is the person who first flowers the bulb, regardless of who made the cross and/or first planted the seed. Only seedlings shown by the originator are eligible for the Rose or the Miniature Rose Ribbons.

Miscellaneous

19. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if at least three worthy exhibits are left in the class. Species may be subdivided by their botanical sections.
20. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special or Ribbon) shall be forfeited by the exhibitor. If an error is discovered BEFORE the judging is completed, the class MUST be re-judged.

RULES FOR HORTICULTURE JUDGING

- All judges shall follow the rules and terms for judging as set forth in the Garden Club of Virginia Flower Shows Handbook at www.gcvirginia.org and the American Daffodil Society's *Handbook for Growing, Exhibiting, and Judging Daffodils* 2007 edition.
- The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if there are a sufficient number of worthy exhibits left in the class. Species may be subdivided by their botanical sections.
- The decisions of the judges are final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special Award or Ribbons) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class MUST be re-judged.
- Horticulture judges and student horticulture judges may not exhibit in a class where they are assigned to judge. Artistic judges and student artistic judges may exhibit in horticulture classes, but may not enter in artistic classes.
- In Horticulture only one first, one second and one third award may be given in each class. Honorable mention awards may also be given if merited but only if first, second and third-place ribbons have been awarded.
- First, second, third or honorable mention awards may be withheld if, in their opinion, the judges feel that the exhibit is not worthy. However, if a blue ribbon has been awarded in a class eligible for an ADS ribbon, the ribbon may not be withheld.
- The Best Bloom and Best Artistic Arrangement are chosen only from Blue Ribbon Winners, with the exception of an outstanding horticulture specimen exhibited in a non-blue ribbon, multi-stem class.
- When selecting the Best Bloom, all horticultural judges must be present. When selecting Best Artistic Arrangement, all artistic judges must be present. Selection is made by ballot. In case of a tie, point scoring is required.
- Judging begins on Tuesday, March 31 at 10:15 am.

ARTISTIC DIVISION

ARTISTIC DESIGN RULES

1. The Schedule is known as "The Law of the Show."
2. Except in Inter Club arrangements, which are entered in the name of the club, one person must execute each entry.
3. An exhibitor may enter as many classes as desired, but is restricted to one entry per class.
4. Designs will be judged according to the GCV Flower Shows Handbook found at www.gcvirginia.org under Flower Shows.
5. Flowers of the theme show must predominate in all designs, i.e. **daffodil**, lily, or rose, unless otherwise specified by the schedule.
6. Plants on the Endangered Species list may be used only if grown in exhibitor's garden and should be noted on the plant material card.
7. The use of commercially grown flowers is discouraged. Seasonal flowers are preferred.
8. Designs must include some fresh plant material. All exhibitors must ensure the freshness of their arrangements during the show.
9. Artificial flowers, foliage, and fruit are not permitted.
10. Treating fresh plant material by application of substances such as paints, dyes, etc. is not permitted. Plants may be clipped, stripped, bent, or otherwise manipulated.

 - b. Bases
 - c. Contrived flowers and/or forms made of fresh or dried plant material

 - a. A backboard is a two dimensional surface against which an arrangement is to be seen. Unless specified otherwise by the schedule, it is to be considered a neutral backdrop like a wall, and the arrangement will not be judged in proportion to the size of the backdrop. However, if an arranger modifies the backboard with drapery, overlays, or underlays, the arrangement is judged in proportion to the size of the backdrop.
 - b. A trifold is similar to a backboard, and the above descriptions apply, but wings are attached to both sides. These may be opened at an angle or placed at right angles to the back. The schedule states the permitted dimension of the arrangements, which may include a height restriction.

 9. The Passer will check exhibitor entry card for accuracy and completion.
 10. The Passer will determine that the arrangement complies with the schedule and that the above-mentioned cards are in place before passing.
 - 11. The exhibitor will remain in the exhibit area until the exhibit is passed.**
 12. Except for watering and/or necessary maintenance, the exhibitor may not touch the exhibit after it is passed.
 13. Exhibitors are urged to show caution when placing their arrangements and when viewing the show. As a courtesy to other exhibitors, they must stay a safe distance from neighboring arrangements.
 14. Exhibitors are asked to please leave the showroom floor immediately after their arrangement has been passed.
